Following publication of the original article [1], the authors would like to correct the sequence information for two RT-qPCR primers (MMP1 forward; LCK forward) listed in Table 1.

<sup>†</sup>Julia Rosemann and Lisa Müller contributed equally to this work.

The primer sequences (5' > 3') currently read:  
MMP1 forward: TGTGAGGCGGTAGTAGGACA  
LCK forward: GACAGCATTCACCAGGACCA

The primer sequences (5' > 3') should read:  
MMP1 forward: CACGCCAGATTGCCAAGAG  
LCK forward: GATGGGGTACTACAACGGGC

The correction does not have any effect on the results or conclusions of the article. The authors would like to apologize for these errors and any confusion that these might have caused.
