SERIES

Prout A. G. de ...

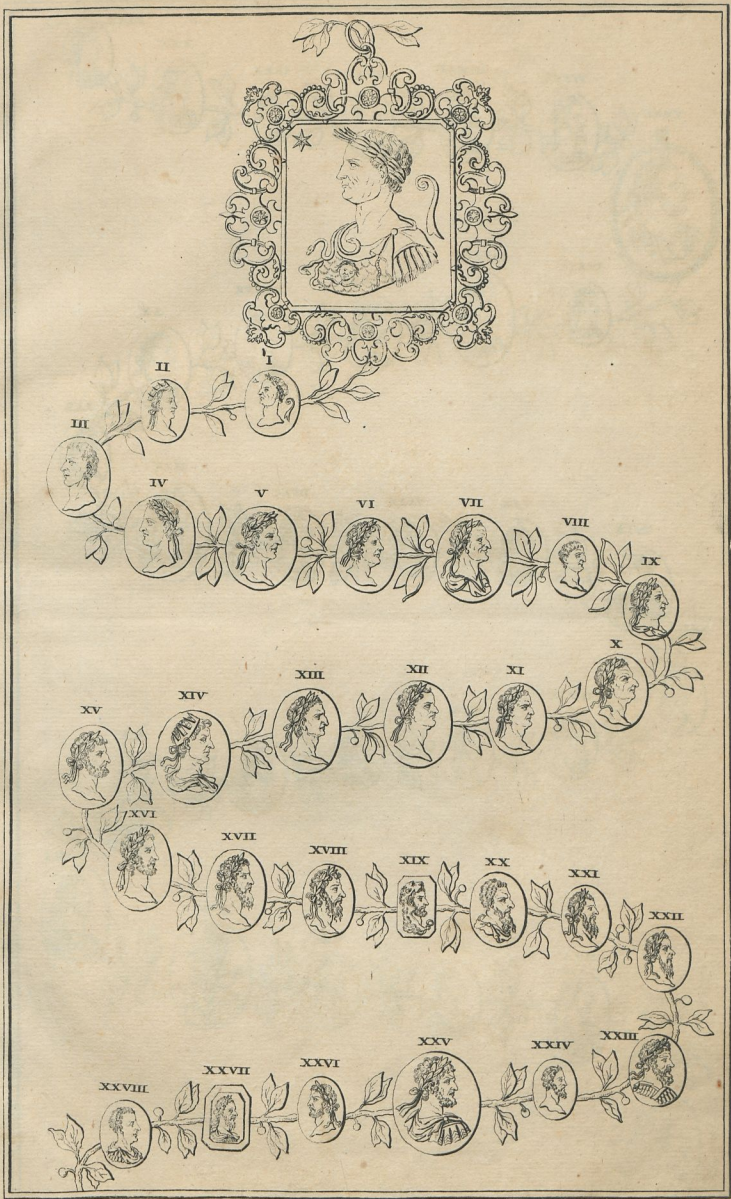

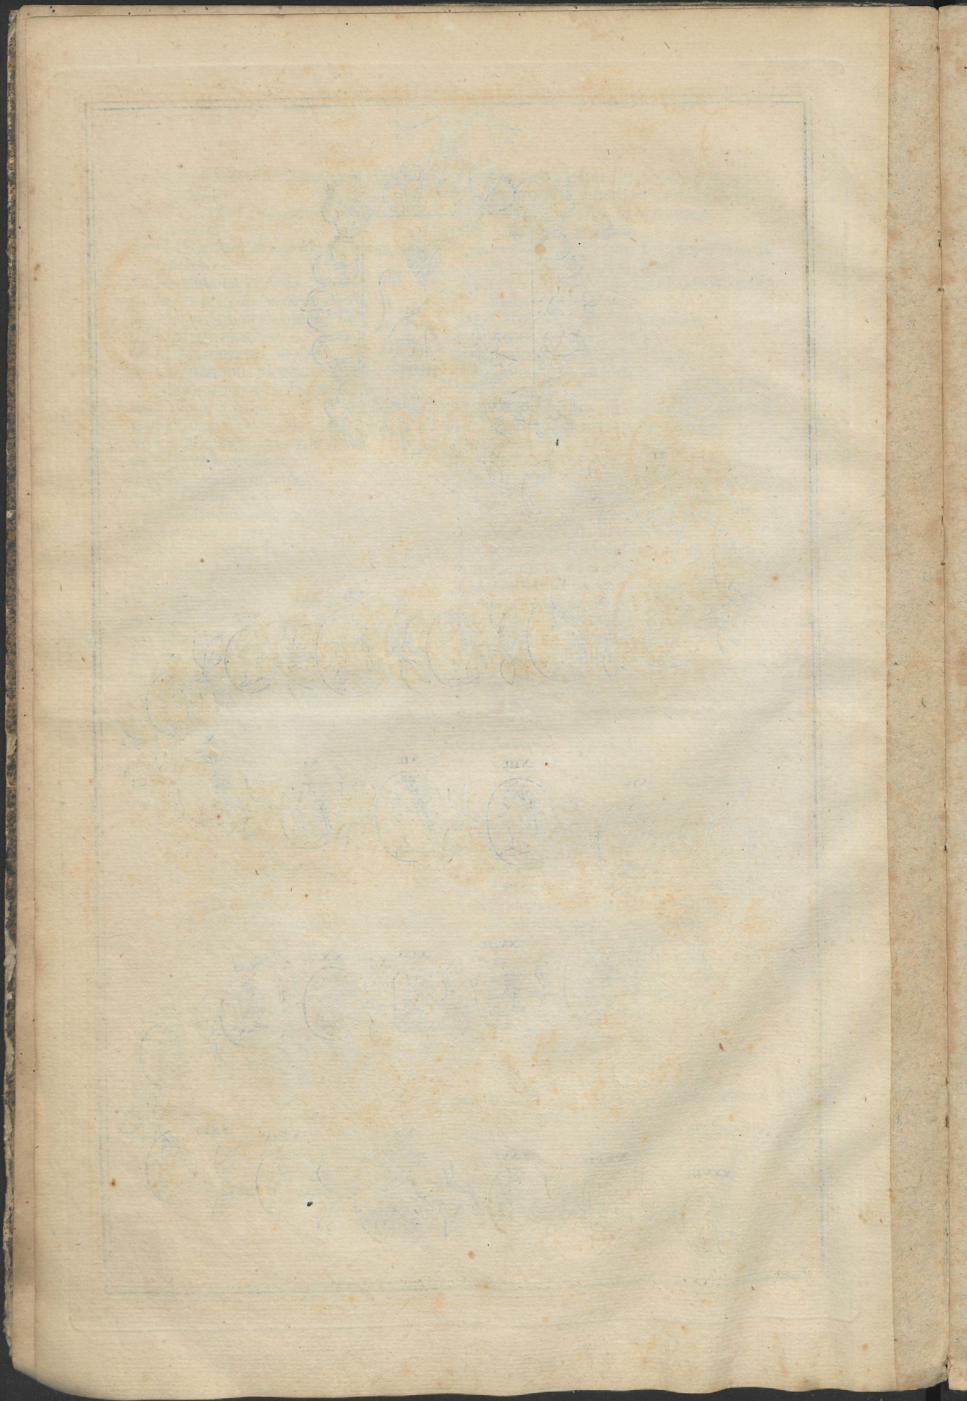

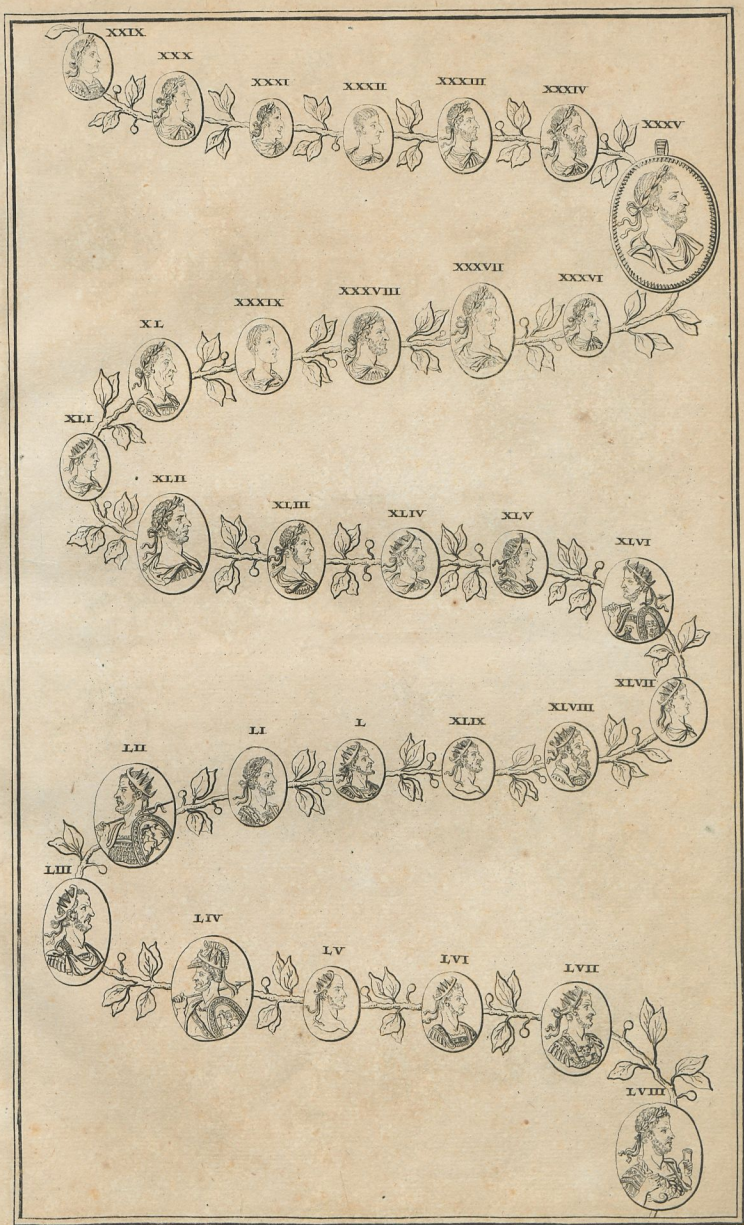

Imperatorum et Caesarum seriem ex numis orbi erudito exhibuerunt multi: ex gemmis, quod sciam, nemo. Dubium itaque non est, quin rem gratissimam eruditus et curiosus harum rerum aestimatoribus fecerit Io. MARTINVS AB EBERMAIER, civis et mercator Noribergae primarius, quod primus a Iulio Caesare ad Augustissimum CAROLVM VI, quem civium subjectorum amorem, hostiumque terrorem, prole mascula aliquando beatum, DEVS nobis seruet quam diutissime! non ut ipse haberet solus plenam atque integram, sed quo aliorum usibus inseruiret, eadem suo ex thesauro ut depromeretur, benevole curavit. Veterum aeque ac recentiorum artificia, paucis hisce tabulis rudi Minerva descripta, admirari licet, quibus sola pro commentario nomina esse poterunt. Ea proin heic habe, quia in gemmis, in quarum elegantia iure nihil desideres, non sunt incisa.
