T
i,
ur,
ae?
men
tis,
tū,

Descende Pindo, Melpo-
mene, sacro,
Induta pullis uestibus,
adueni

Jam murmuranti Albi, uiam-
que

Affiduis lacrymis rigato.

Nunc ede planctus horrifonos,
Dea,

Et moesta largis imbribus ir-
riga,

Quod membra communis
Parentis

Contegit inuiolata, sa-
xum.

Non est, ut erres: marmoribus,
caret,
Luxu, sepulcrum, Diua, Super-
stitum,
Antistitis, quae possit imber,
Diruere, aut Boreae pro-
cella.

Sacrata uultu respice limina,
Qua uota sacris turba fidelium
Libamus aris, et piorum
Thuricremi famulantur
ignes.

Ast conquerenti cum citharae
modum

Defessa pones, intuita omnia,
Appende, ceu signum doloris,
Illacrymata Seni, tabellam:
Columna sacri dogmatis hic cu-
bat,

Hic ueritatis Terror et hostium,
Gerensque fortis bella sancta,
Laurigeros retulit trium-
phos.

Tandem, supremi consilio Du-
cis,

Ut fortis heros, ex acie exiit,
Et membra in hac fossa reclinans

Nunc requiem placidam capeffit.

Status triumphus fiderea in domo,

Clangente demum grandifona tuba,

Succedet, intrabitque uictor
Palmiger aethereos recessus.

Tropaea uicti Veiovis interim,
Et rapta multis Palladia, in DEI,
Suspensa, fulgent, aede sacra,
Nominis et tuitura famam

Ung.
