Siccine conaris mors invida rumpere vitam?
Siccine & in mediis præcipitare roſis?
Siccine fraudabis vitam florentibus annis,
Et cineri crudæ lactea membra dabis?
Multorum lachrymas cujus cita fata merentur
Et proſtrata ſuo gratia flore jacet.
Sed bene! mortalem pergas corrumpere vitam,
Vitã, qvæ fragili mole ſoluta fugit.
Qvæ fugiens, eſt plena malis & plena labore
Qvam ſors ancipiti cœca favore regit.
Qvæ poſtqvam variis fortunæ jacta procellis
Fertur ut in medio parvula cymba freto.
Qvæ fugiens, hominum nugis conſumitur ætas,
Ut ſpectata oculis fabula, plebis abit.

Qvæ

Qvæ nil eſt aliud qvicqvam, niſi
mortis imago
Principio, medio, fine dolenda ſuo.
Hanc inqvam ſuperare potes, mors
invida, vitam
Dummodo cum ſuperis vita beata manet.
Vita beata manet, qvam Jeſus ipſe
redemit,
Dum pro peccatis victima cæſa
fuit.
Inde Sophia manet, ſolio ſtellante locata,
Hic permanſuræ nacta ſalutis opes.
Deſine nunc igitur nimio indulgere
dolori (ades.
In mœſto triſtis funere qvisqvis
Deſine tuqve tuas Genitor, Genitrixqve qverelas,
Fundere, non ultro perpluat unda
genas.
Serius aut citius metam properamus ad unam,
Serius aut citius mors ſua qvemqve manet.

Mors

Mors ſua qvemqve manet; fati lex
omnibus una
Et morte eſt nobis certius orbe ni-
hil. (mus in anno,
Accidit in puncto, qvod vix ſpera-
Et qvod ſperamus, rarius eſſe ſolet.
O felix igitur, bis terqve, qvaterqve
beata (choris.
Protinus angelicis juncta Sophia
Hic, ubi perpetuæ flagrat lux aurea
vitæ, (gent.
Ac ubi perpetuo gaudia flore vi-
Qvalia non oculo qvodam percepta
nec aure,
Nec fingi tacita qvalia mente qve-
unt.
Perpes ubi reqvies erit atqve æter-
na voluptas,
Perpetuus ſplendor, gaudia, riſus,
amor.
Inde Sophia manet lauru decorata
perenni,
Poſſidet æternos, gaudia vera,
jocos.
